Working alongside a unique local distillery, we have created our very own vodka and gin using botanicals from our beautiful surroundings. The botanicals are macerated for almost two days and the infused spirit is then slowly distilled to create the perfect blend.

Introducing Marilla, translated as 'Shining Sea' and inspired by the beautiful Swansea coast. A classic juniper forward with hints of rosemary and foraged sea-herbs underpinned by pink peppercorn and sea buckthorn.

Introducing Ula, translated as 'Gem of the Sea' which is triple distilled and filtered through sustainable bamboo charcoal - super smooth on the palate with hints of rye and white pepper on the finish.
